

PARTEX GYPSUM STANDARD BOARDS

Star Gypsum Board Mills Ltd. is the first gypsum plasterboard factory in Bangladesh, owned by Partex Star Group, situated in Madanpur, Narayanganj. It is capable of manufacturing different types of plasterboards to most exacting international standards and complies with ASTM C-36, C-1396, C-630 and Method C-473. Partex Gypsum Standard Boards pass the most rigorous quality control inspections to ensure that its high standards are maintained. Partex Gypsum Standard Boards are delivered rapidly by maintaining a certain level of safety stock in different lengths and thicknesses. Our standard sized boards are suitable for most of the situations but special length/thickness boards can be manufactured as per customer's demand.

Partex Gypsum Standard Board, also known as dry wall, has one ivory surface for direct decoration and another grey surface which are fixed on the flat areas. These dry walls consist of a non-combustible core made of gypsum powder which is an inert, non-toxic mining element and completely free from health hazards.

Partex Gypsum Standard Boards are the new substituents of the traditional internal block walls in Bangladesh, due to their compared lightweight, which reduces the load on the foundations, saving time and cost.

SPECIAL FEATURES

- Heat proof and Sound insulated
- Easy and more efficient to install
- Comprising of non-toxic & environment friendly components.
- No joint marks and smooth surface
- Widely used for partitioning work and false ceiling
- Ease of installing the electrical and sanitary service
- Elimination of plastering by mixture of water, cement & sand
- Can be painted or covered with wallpaper or any other decorative material

Physical Properties:		Customization is possible up to 18 mm
Thickness (mm)	12	Square Edge
Weight (KG/ SQM)	8.25	
Length (mm)	1220	Taper Edge
Width (mm)	2440	
Manufactured as per ASTM C1396/C1396M; ASTM C473 Standard		

USAGE AREAS

- Residential Projects
- Office & Business Centers
- Hotel, Restaurants or Clubs
- School & Colleges
- Laboratories
- Laundries
- Leisure Facilities
- Medical Center & Hospitals
